Steps To Reproduce:	Pre-conditions: The user is logged in. The user has a project with uploaded photos. 1. Open the site https://foto-rc.fotobook-platform.com/ 2. Click the "Мои проекты" menu item. 3. Click the "Редактировать" button In the project with saved photos section. 4. Click the "По дате создания по возрастанию" in the sorting drop-down. 5. Pay attention to the photos sorting. Actual result: The order of the photos isn't changed in the photo gallery after choosing the "По дате создания по возрастанию" sorting method. Expected result: The photos are sorted by the date of creation from oldest to newest in the photo gallery after choosing the "По дате создания по возрастанию" sorting method.
Additional Information:	The bug is also reproduced for the "По дате создания по убыванию" sorting method.
